Discussion 1

☐ Try to say the same sentence twice, then plot the MFCC for both result.

I speak "This is a book.",too.

Discussion 2

□ gTTS: An interface to Google Translator's Text-to-Speech API.

□ how to make gTTS speak other language?

更改 gTTs(text='想要說的語言的詞', lang='想要的語言')

Code:

```
3.tts.py ✕
1  from gtts import gTTS
2  import os
3
4  tts = gTTS(text='bonjour', lang='fr')
5  tts.save('test.mp3')
6
7  os.system('omxplayer -o local -p test.mp3 > /dev/null 2>&1')
8
```

即可聽到法語的 bonjour
